YOU

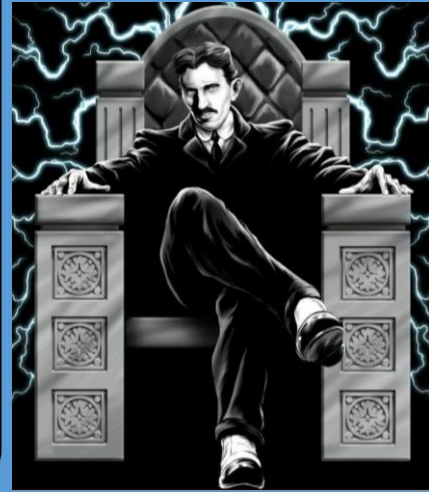

Here at Tiny Tesla you come first.

This is why in the whitepaper of this project it begins with you. Without you in this equation we wouldn't be a Family.

Our commitment to our Family is to constantly fight to create a safer and more enriched home for our family to thrive in.

ABOUT US

We use the word family a lot hereat Tiny Tesla but we do not use that word lightly. Each and every single investor, developer and moderator a like are equal in this venture and we intend to change lives a cross the world and build our family in the process. Here in the Tiny Tesla Family. We pride ourselves on the strength and diversity of our members. We strive every day to ensure that every member can earn a passive income simply just by holding Tiny Tesla. Fully committed to this family, we stand ready to defend them from any obstacles even in the roughest times as we want to do best by our family

Reflections

TINY TESLA'S RADIO

Our 2% reflections ensure our family earns a passive income at all times. Not only will you be able to make money, but there is no minimum limit to how much you would need to invest to start receiving that passive income

NFT Marketplace

Tiny Tesla's Violet Rav

We are developing an NFT Marketplace where you can list, buy and sell NFT's using TinyTesla. This NFT marketplace will also allow for NFT farming where NFT's can be staked for a return in Tiny Tesla. NFT Creators can earn creator royalties on trades in Tiny Tesla Swap as well as getting visibility for their project on the most prominent upcoming NFT marketplace on the BSC. Our NFT market place will allow artists around the world to list their own artwork up for sale and not only earn from the initial sale but to continue to earn from future sales using our artist royalties scheme

LOTTERY

Tiny Tesla's Vault

Playing the Lottery gives you a chance to win huge TINT (Tiny Tesla's Native Token) prizes! It's easy, fair, and you can enter as often as you like as long as you have the TINT (Tiny Tesla's Token) to buy a ticket. (*Ticket cost mentioned is an approximation, actual cost may vary).

LaunchPad

The Tiny Tesla Coil

We Are Tiny Tesla's family here and we intend to bring multi-utility with our own tiny Tesla DEX Swap. When you make a token swap (trade) on the exchange, you will pay a 0.30% trading fee

which is broken down as follows:

0.15% - Returned to liquidity pools in the form of a fee reward for liquidity providers.

0.05% - Buyback TINT for burn/ Stable coin Pool

0.05% - Project Support Program

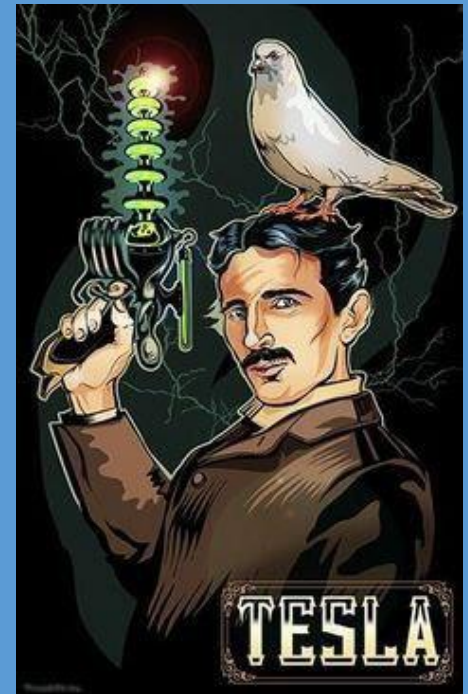

0.05% - Marketing

The Tiny Tesla Family will only list projects after checking the use case and category of the project. Once they pass initial approval from the team, we will disclose the project details to the rest of the family. This will result in community voting.

which will bring more family project. If voting is successful we will move forward to securing KYC auditing from our partnerships and launching the project into the Tiny Tesla Coil.

If voting is unsuccessful we will give them a singular attempt at showcasing the project to our community. This will be followed by a secondary vote. If the voting is unsuccessful the project.

Will reject the application and move to the next applicant. We will disclose in detail about the application process soon to everyone.

Security

To continuously protect the Tiny Tesla family, we have implemented AntiBot Mechanism into the contract. This is designed to track the bots via DEXTOOL and then blacklists the bot. Cloud fare will be utilized to inlay security measures for web systems.

Tiny Tesla has a hidden set of inventions. With other hidden utilities planned, and some possible partnerships to sweeten the pot. Lets just say you will not be disappointed, stay tuned to find out more
